

Design Your Own Bookmark Activity

Do you love to read, write and draw? Do you have a favorite author, story or positive message about reading? Get creative - use this template to design your own bookmark(s). Share your work with friends, family and fellow students. Promote reading - organize a bookmark contest in your own class, library or school. For ideas, look at winning bookmarks from the National Book Festival 10th Anniversary Bookmark Contest. Those designs can be found at www.loc.gov/bookfest/kids-teachers/creative/bookmarks.html where you can download your favorites. And of course – keep on reading!

Tip: Print this template on heavy paper or cardstock. Use crayons, colored pencils, or markers to create a design that conveys your love of reading, represents your favorite book, or shows anything you'd like...just be creative! Cut out the final design.
